[Sitting suspended from 11.12 a.m. until 2.30 p.m.]

3. APPROACH OF HIS EXCELLENCY THE GOVERNOR.—The approach of His Excellency the Governor was announced by the Usher of the Black Rod.

His Excellency came into the Council Chamber, and the Usher of the Black Rod was commanded to desire the immediate attendance of the Legislative Assembly, who being come with their Speaker, His Excellency was pleased to speak as follows :—

MR. PRESIDENT AND HONORABLE MEMBERS OF THE LEGISLATIVE COUNCIL :

MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY :

I have called you together at the earliest date after the recent conjoint election for this, the First Session of the Forty-fifth Parliament of Victoria, so that you may consider matters of public business which require your attention.

This Session is one in which my Ministers will bring before you a number of measures to implement, as a theme, the welfare and happiness of the people of this State, with emphasis upon maintenance of the family unit, the education of young people, the preservation of a natural environment and the conservation of natural resources.

Before developing this theme, it is my duty to convey to this Parliament the pleasure that Her Majesty the Queen has expressed at the wonderful welcome extended to herself and her family during their recent visit to Victoria. This was an occasion memorable to all of us, and its public acclaim reflected beyond doubt the loyalty of our people to the Sovereign and her family.

Not so pleasant is my duty to mention the death of the Honorable Sir Herbert Hyland, a former Minister of the Crown and member of the Legislative Assembly, who died during the latter days of the last Parliament.

MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY :

A Supply Bill to make provision for the services of the first three months of the financial year 1970-71, and Supplementary Estimates of Expenditure for the current financial year will be presented to you immediately.

It is proposed that when Supply has been granted, the Parliament should adjourn until the normal budget session. At that time, detailed Estimates of Revenue and Expenditure for the financial year 1970-71 will be submitted to you, as well as any necessary further Supplementary Estimates for the current financial year.

MR. PRESIDENT AND HONORABLE MEMBERS OF THE LEGISLATIVE COUNCIL :

MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY :

As I have indicated, my Government's objective is the continued welfare of the people of this State.

There will be established a separate Ministry of Social Welfare, aimed at the removal of pockets of social distress amongst the young, the old and those suffering from illness.

It is the intention of the Government to set guidelines for further implementation of the metropolitan transportation plan and work will start on the underground railway loop.

In the field of education I am advised that there is to be launched a programme for the recruitment of qualified teachers from overseas, and that there will be decentralisation of the administration of the Education Department.

A Victorian Pollution Control Authority will be established, with powers to prevent the pollution of water, air and land. A Chair of Environmental Studies will be created at the University of Melbourne. Also, there will be a detailed analysis of the utilisation of Crown Land in this State to make provision for its retention as parks, wildlife reserves and forests.

These, in broad outline, are the subjects that will be brought forward for your consideration in this Session.

In formally opening this Parliament I pray that the guidance of Almighty God may attend upon your deliberations.

ROHAN DELACOMBE,
Governor of Victoria.

Melbourne, 17th June, 1970.

Thereupon a copy of His Excellency the Governor's Speech was delivered to the President, and a copy to Mr. Speaker, and His Excellency withdrew from the Council Chamber.
