The current legislation that you are trying to pass is discriminatory, brash and divisive. It does not help the Victorian people it destroys the power CFA has to hire its own people, deploy its own people, train its own people and continue to be the strong globally recognised fire service it is. Pushing through a change to CFA and MFB will only lead to a worse situation for the Victorian people and WILL NOT HELP THEM. It does not improve the Fire Service we have, it only divides them and pits them against each other and further drives the wedge that the UFU started with their un-lawful and discriminatory EBA that discredits and puts down Volunteers.
