Whilst there are some elements within this Bill that are potentially beneficial, I feel that not enough clear information has been given to CFA members so that we can fully understand the impact these changes will have on us and how we work within our community and within the new FRV. There seems to be mixed messages presented through the media and this isn't helped by a lack of clarity from those who should be leading this change. If we are to fully understand the ramification of this Bill we need to understand exactly what is being proposed.
