Subject: Fire reforms

Hi

My name is Jason wagland I'm a leading firefighter at 47 footscray stn for 28 years and live in footscray all my life I'm a specialist ladder platform operator In the area we have many nursing homes and hospitals that we protect and there are many high rise apartments that are now being built in the area I totally support the reforms and the UFU in our case and our pay dispute that has now dragged on for too long and really needs to be settled asap Jason wagland
