Subject Support for Fire Services Reform

To Fire Services Reform Committee,

I, Michael Longshore, of [REDACTED], support the need for fire services reform in the State of Victoria. I am a career firefighter with the Metropolitan Fire Brigade. I strongly feel that a reformation of the MFB and career CFA operational staff in becoming 1 fire service is vital to sufficiently protect life and property within the ever growing suburban populations within Victoria.

Please accept my submission on supportive grounds for becoming one Victorian career fire service.

Thank you,

Michael Longshore
