

BALLARAT WEST EMPLOYMENT ZONE (BWEZ)

Project Overview

The Ballarat West Employment Zone (BWEZ) is a long term project to unlock land for industry and create significant employment opportunities for our growing population.

Through careful and responsive planning, the Employment Zone will create jobs, generate investment and further enhance Ballarat as a growing and thriving regional centre.

Situated nearby the Ballarat West Growth Zone, the Ballarat Airport and rail infrastructure and the future \$38 million Western Link Road, the proposed Employment Zone is an ideal site for the future industry and employment activity.
