**Mr D O'BRIEN:** I have only got 20 seconds left, sorry, Minister. There is an increase in the racing revenue. Can I ask for the figure of what the racing portfolio is out of that output, a breakdown of that sport, recreation and racing for the out years?

**Mr PAKULA:** We can get you that. But as I said, most of the revenue to the industry comes through the JV and the POCT passthrough rather than directly from government.

Answer:

The Racing portfolio contributes \$45.3 million to the Sport, Recreation and Racing output of \$407.2 million for 2022-23 (as per Page 249 of Budget Paper 3).

The Department cannot provide output cost information beyond 2022-23 forecasts since output costs are prepared annually as part of Budget Paper preparation processes.
