1. **Gaelle BROAD, pages 45 – 46**

**Question asked:**

**Gaelle BROAD:** I am just interested: your submissions mention – the one from Yarriambiack was to about 15 halls, eight pools, 26 playgrounds. There is a lot of infrastructure, essential infrastructure, that you are trying to provide, and roads. I know earlier you touched on that. But do you know what the current funding shortfall is for maintenance in your shires at the moment?

**Tammy SMITH:** I would have to take that on notice, Gaelle, if that is okay, because we would be able to provide you with the exact figures.

**Gaelle BROAD:** Thank you. Monica, did you want to talk to that?

**Monica REVELL:** Yes, I will also have to take that on notice.

**Response:**

Current annual funding shortfall for maintenance at Hindmarsh Shire Council is approximately \$3.4 million. This is broken down as follows:

- roads approximately \$1.2 million;
- buildings approximately \$1.2 million; and
- other infrastructure (including footpaths, drainage, swimming pools, weirs, playground equipment, sporting reserves etc) approximately \$1 million.
