

PARLIAMENT OF VICTORIA
Economy and Infrastructure Committee

MEDIA RELEASE

Electric vehicles hearing on Tuesday

The parliamentary inquiry into electric vehicles will hold its next public hearing on Tuesday 13 February.

The Economy and Infrastructure Committee will hear from Transport for Victoria, the statutory body responsible for planning and coordination of transport systems in Victoria, as well as automotive associations, a university researcher and community groups.

The public hearing will take place from 9:15 am at 55 St Andrews Place, East Melbourne.

The Committee is examining the benefits – or otherwise – of electric vehicles in Victoria, including manufacturing and applicability.

The inquiry will help to identify some of the environmental, regulatory, infrastructure and employment options that can be considered in relation to electric vehicles.

The schedule for the hearing and more details about the inquiry are available from the Committee's [website](#).

The public hearing will be webcast and can be watched online via Parliament's live broadcasts [webpage](#).

Issued: 9 February 2018
