Good afternoon [REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

If you have any questions, please let me know.

As far as the question on notice is concerned, my answer is that encouraging responsible pet ownership, including sensible containment policies and measures and the imposition of curfews will go a long way reducing the numbers of cats and dogs that are doing damage to our native small animal and bird populations.

Many thanks for all your assistance.

Tina Lawrence
