

Elizabeth Murphy

Assistant Commissioner Road Policing Command
Victoria Police

Corri McKenzie

Deputy Secretary, Police, Fines and Crime Prevention
Department of Justice and Community Safety

Enforcement based on evidence

- Methamphetamine was found in 22% of 2019 driver deaths.
- The presence of alcohol and cannabis is each found in mid-teen percentages of driver deaths.
- Speeding is a factor in at least 30% of deaths.
- There are more regional than metropolitan road deaths.

Enforcement based on evidence

- We are trialling cameras that detect illegal phone use.
- Distraction is a factor in at least 11% of road deaths.
- We use academic modelling to select the most effective sites for new intersection and highway cameras.
