(Page 5 of the Department of Premier and Cabinet transcript)

Response:

Consistent with the Government's *Guidelines for Official Ministerial Overseas Travel* all Ministers, including the Premier, must publish travel outcomes reports on their relevant departmental website within 60 working days of the Minister's return. The expenses of the Member for Footscray, in her role as special adviser to the Premier, are incorporated in the figures contained in the Premier's travel outcome reports available on DPC's website.

DPC does not have oversight of appointment of special advisers to the Premier, and therefore is not aware of the date of the appointment of the Member for Footscray.

(Pages 8-9 of the Department of Premier and Cabinet transcript)

Response:

DPC undertook its customary advisory role to the Premier in relation to the Trade Union Royal Commission (TURC).

Specifically DPC received advice from:

• Industrial Relations Victoria (within the Department of Economic Development, Jobs, Transport and Resources) regarding the contents of the final report and the implications

for Victoria of the recommendation that all jurisdictions consider adopting a national approach to the registration, deregistration and regulation of employee and employer organisations, with a single regulator overseeing all such organisations throughout Australia; and

• the Victorian Government Solicitor's Office regarding the TURC's terms of reference and the scope of the TURC's powers.

DPC is not aware of any monitoring by staff of the hearings or other evidence collection processes.

DPC prepared three briefing documents for the Premier on the contents of:

- the interim report (during the three days leading up to its public release)
- the final report (after its public release); and
- the confidential volume (that was not publicly released).

DPC is not aware of any advice provided to Mr Melham or Mr Blandthorn.

11. The DPC annual report on page 68 states that under the category 'Supplies and services', that the purchase of services went up from \$32 million in the previous year to \$40 million in 2015-16 and IT services went up from nearly \$8 million to nearly \$11 million. Why have these two items increased so much?

(Page 14 of the Department of Premier and Cabinet transcript)

Response:

The \$8 million increase under the category 'Supplies and Services' was mainly due to costs incurred by Service Victoria (\$6.5 million) and costs incurred in relation to the Royal Commission into Family Violence and Hazelwood Coal Mine Fire Inquiry.

IT Services increase is mainly due to DPC Desktop Transformation IT Project which resulted in the roll-out of notebook computers across DPC (\$2.3 million).

The Behavioural Insights Unit is headed up by Sam Hannah-Rankin, Director, Public Sector Innovation.

19. What proportion of the \$25 million allocated to establish the Research Institute on Social Cohesion and \$600,000 allocated through community resilience grants, has been allocated to emerging violent extremism and the involvement of some youth from multicultural backgrounds? What is the total cost of the operations of the social cohesion and community resilience task force and of the whole-of-government reference group? What are the KPIs of the unit?

(Pages 26-27 of the Department of Premier and Cabinet transcript)

Response:

As of February 2017, 47 per cent of total Social Cohesion and Community Resilience Ministerial Taskforce (the Taskforce) funding was allocated to early intervention with individuals, particularly youth, who may be drawn to violent extremism.

However, all of the work of the Taskforce directly or indirectly supports early intervention. For example:

- the Social Cohesion Research Grants program is funding research that will provide an evidence base to increase understanding of the factors that attract young people to violent extremism and will inform the design of effective early intervention initiatives; and
- the Community Resilience Grants program is supporting and working with communities and young people at risk of violent extremism to develop their confidence and skills to advocate for their concerns and grievances through peaceful, democratic means.

The Taskforce has approved an allocation of up to \$950,000 per annum for staffing and administrative costs for the Community Resilience Unit (CRU), which oversees the delivery of the Taskforce's work. Support for the whole-of-government Countering Violent Extremism Reference Group is provided by the CRU within the Multicultural Affairs and Social Cohesion Division. The small operational cost associated with staff time to support this group is absorbed within the overall CRU staffing and administrative budget.

The Strategic Framework to Strengthen Victoria's Social Cohesion and the Resilience of its Communities details the principles and objectives that underpin the Taskforce's work.

20. With regards to the grants program for multicultural affairs and citizenship, who administers the grants and who determines their allocation?

Note that committed vs actual payments varies for a range of reasons. These include: Multiyear commitments are captured as being allocated in 2015-16, but will be paid out over the life of the multiyear commitment (including in 2015-16); delays in acceptance, processing and payment; and payments being withheld when made on a conditional basis until conditions are met. Both figures have been presented to capture the PAEC request for cumulative amount, and allocation.

- Multicultural Seniors Organisational Support Program The total amount allocated to Senior organisations in the 2015-16 financial year was \$1,276,346 which is made up of four separate products.

Note that committed vs actual payments varies for a range of reasons. These include: Multiyear commitments are captured as being allocated in 2015-16, but will be paid out over the life of the multiyear commitment (including in 2015-16); delays in acceptance, processing and payment; and payments being withheld when made on a conditional basis until conditions are met. Both figures have been presented to capture the PAEC request for cumulative amount, and allocation.

Lesbian, Gay, Bisexual, Trans, Gender Diverse and Intersex

Inclusion Plan 2015-16

promote • educate • engage

Overview

The Victorian Government values and celebrates diversity. It has affirmed the right to equality, fairness and decency for Lesbian, Gay, Bisexual, Trans, Gender Diverse, and Intersex (LGBTI) Victorians and is committed to removing discrimination from Victorian laws, services and society. A public sector workforce that reflects the communities it serves can provide better insight into policy and program development and deliver improved service delivery outcomes for the community.

LGBTI Inclusion aligns with the Victorian Pubic Sector values of Integrity, Respect and Human Rights. It is part of DPC's commitment to embrace diversity and be an inclusive place to work. DPC aspires to reflect the composition of the broader Victorian community to strengthen our diversity of views and policy and service outcomes. Our aspiration is to be recognised as an employer in the Australian Workplace Quality Index (AWEI) which is the national benchmark for LGBTI workplace inclusion.

This is the first DPC LGBTI Inclusion Plan and is aligned with the AWEI areas of practice. Our priority areas of focus are:

Acknowledgement

The Department of Premier and Cabinet (DPC) in this Cultural Diversity Inclusion Strategy acknowledges all Aboriginal people as Australia's first peoples. This strategy recognises the continuing spiritual connection of Traditional Owners to the land on which we work and live.

We are proud to recognise that Aboriginal culture is the oldest living culture in the world and has made a unique and irreplaceable contribution to the identity and well-being of Victoria which enriches us all, adding to the multicultural society which we all enjoy.

Secretary's Foreword

I take pleasure in introducing the Department of Premier and Cabinet's Cultural Diversity and Inclusion Strategy 2015 - 2018. This strategy builds upon the achievements DPC has made to support cultural diversity with our Aboriginal Inclusion Action Plan and Disability Action Plan, reflecting our genuine commitment to increasing our engagement with people from all culturally diverse backgrounds.

This document establishes a foundation upon which DPC will be able to build in increasing cultural diversity in employment, opening up greater opportunities for economic participation to all, and incorporating the many perspectives of the Victorian community into the process of policy development. Its goals and supporting actions will also provide the staff of DPC with the skills and knowledge to effectively engage with members of Victoria's multicultural community.

DPC has an active role to play in leading cultural diversity and inclusion. With the implementation of this strategy – which seeks to ensure our work practices, policies and activities are inclusive of the perspectives of people from diverse cultural backgrounds – DPC aims to demonstrate leadership across the Victorian Public Service in ensuring we are reflective of the broader Victorian community.

¹ The term "Aboriginal" is used to refer to both Aboriginal and Torres Strait Islander people. Use of the terms "Koori", "Koorie" and "Indigenous" are retained in the names of programs and initiatives, and, unless noted otherwise, are inclusive of both Aboriginal and Torres Strait Islander peoples.

Introduction

Victoria is a colourful and diverse community, made up from many different cultures from around the world. From the traditional Aboriginal custodians, European settlers and Asian immigrants who came to Victoria in its gold rush days, to the newly arrived Australians from Africa and the Middle East, this diversity provides the Victorian community its vibrancy, rich culture and history.

Through the acceptance of successive waves of migration, Victoria has subsequently been positioned as the most multicultural state in Australia. As time has progressed, new arrivals have changed the makeup of our society, introducing new cultures, languages, religions and faiths.

Our long history of being a welcoming home to new migrants, including many professionals, tradespeople and business migrants has assisted us to develop talent and address skill shortages in many industries and sectors.

This DPC Cultural Diversity and Inclusion Strategy 2015 – 2018 builds upon the established foundation of diversity through the Departments Aboriginal Inclusion Action Plan 2014 and the Disability Action Plan 2014. This strategy is focused on how we, continue to build our diversity within the department. In doing so, we seek to ensure that we are a department which is representative of the State of Victoria and its rich cultural and diverse history.

Our Vision for Cultural Diversity

Vision

"To build a culturally diverse and inclusive work environment and ensure our policy advice is inclusive of diverse perspectives to achieve good public policy and service delivery outcomes for Victorians."

Goals

To achieve this vision, our goals are:

Goal 1: Increased understanding and respect of Culturally and Linguistically Diverse (CALD) communities.

Goal 2: Increased participation and engagement between DPC and CALD communities.

Goal 3: Increased CALD employment and economic participation.

Goal 4: Established frameworks for reporting, accountability and measuring success.

Supporting Policy Documents

To support us to achieve our vision, DPC will draw upon the following Victorian Government policy documents:

- The Multicultural Victoria Act 2011 recognises in its preamble that one of the central tenets of
 multiculturalism is citizenship and that the expression citizenship is not limited to formal Australian citizenship,
 but refers to the rights and responsibilities of all people in a multicultural society.
- The Equal Opportunity Act 2010 encourages the identification and elimination of discrimination, sexual
 harassment and victimisation and their causes, and promotes and facilitates the progressive realisation of
 equality.
- **Charter of Human Rights and Responsibilities Act 2006** enshrines civil and political rights, and some cultural rights into Victorian law. Victoria is the first Australian state to enact formal protection of human rights by introducing a Charter of Human Rights and Responsibilities, with the Charter ensuring human rights are valued and protected within government and the community.

- Racial and Religious Tolerance Act 2001 provides a community standard about our responsibility towards each
 other in a multicultural society, seeking to ensure that people are treated with dignity and respect, regardless
 of their particular race or religion.
- **Victoria's Advantage Unity Diversity Opportunity Policy** recognises that each of us plays a part in contributing to and shaping the future of our State, and that by valuing and embracing our diversity, we can continue to realise the benefits of a cohesive and multicultural society.

Principles

In achieving the objectives of the Cultural Diversity and Inclusion Strategy 2015 - 2018, DPC will be guided by the departmental values of:

Leadership – We lead by example. We strive to create positive and productive working relationships. Our leaders will role model behaviours designed to promote the full inclusion of all Victorians within DPC.

Integrity – We work to serve the public good. We uphold the ideals of openness and honesty, and stand by what we believe is right. DPC and its staff are accountable for our actions to ensure the success of this plan.

Collaboration – We are team players. We seek, encourage and value the contribution and skills of the people with whom we work, recognising that we have an important role to play in the inclusion of all Victorians.

Innovation – We value creativity. We are open to new ideas and to different approaches that will achieve the best results.

Monitoring and Reporting

To achieve the goals in this plan each departmental group will be required to undertake specific actions and activities, and report on their progress to the DPC Board of Management on an annual basis through the People, Culture and Operations Group.

The People, Culture and Operations Group will have responsibility for reporting DPC organisational progress against this plan for whole-of-government reports and updates. This includes reporting to the Office of Multicultural Affairs and Citizenship and any evaluation reports that are required.
