Subject: Re: Northern Futures - Discussion points – Jobseekers Inquiry public hearing

Hi Kerryn,

I'm writing to send additional information for the Parliamentary Inquiry, as requested.

The statistics below reflect the outcomes for Northern Futures from July 2015 to June 2019.

KPI	Target	Achieved
Number of clients assisted by Northern Futures	522	545
Number of employment placements	276	333
- Number of employment placements retained for 4 weeks	254	284
- Number of employment placements retained for 12 weeks	240	233*
- Number of employment placements retained for 26 weeks	145	172
Number of non-accredited training placements	396	354
Number of non-accredited training completions	260	273
Number of accredited training placements	114	326
Number of accredited training completions	57	217

*The number of employment placements retained for 12 weeks was affected by the number of 6-week internships that were offered to clients.

Our outcomes for the past few months have been very strong. We also have some significant opportunities to create new programs leading to employment with new employer partners. As stated in our presentation to the Inquiry, all we need is adequate, fit for purpose funding and we can successfully transition more disadvantaged jobseekers into employment.

Warm regards
Lyn
