Name: Natalie Mitchell

Submission: There are many issues and concerns that rural and remote communities face with relation to education. These include but are not limited to: Quality of Education NAPLAN results Principal Selection Principal Review School Review Functions of School Council Succession planning for leaderships roles and the opportunity to experience such roles. I would like the opportunity to speak to each of these matters to the committee. It is important that the committee come to rural and regional areas all over the state, not just metro areas or those regional hubs within a 2 hour radius of Melbourne.
