AIDA is also represented, as I say, on the Great Ocean Road Communities Network. That network in 2021 produced a four-part webinar series which explored the implications of and government response to climate change and coastal erosion along the Great Ocean Road. I believe it is available on YouTube. I can provide some details of the link for that particular series of webinars.

Response:

The YouTube link to the Coastal Erosion and Climate Change Series that was put out by the Great Ocean Road Communities Network in 2021 can be found at youtube.com/greatoceanroadcommunitiesn1403.
