

5 Steps to Fuel Sustainability

1. Trial of Bio-Fuel viability
2. Local Storage and Distribution
3. Enhancing local production
4. Bi-product processing
5. Local Fuel Production

Knowing the way forward

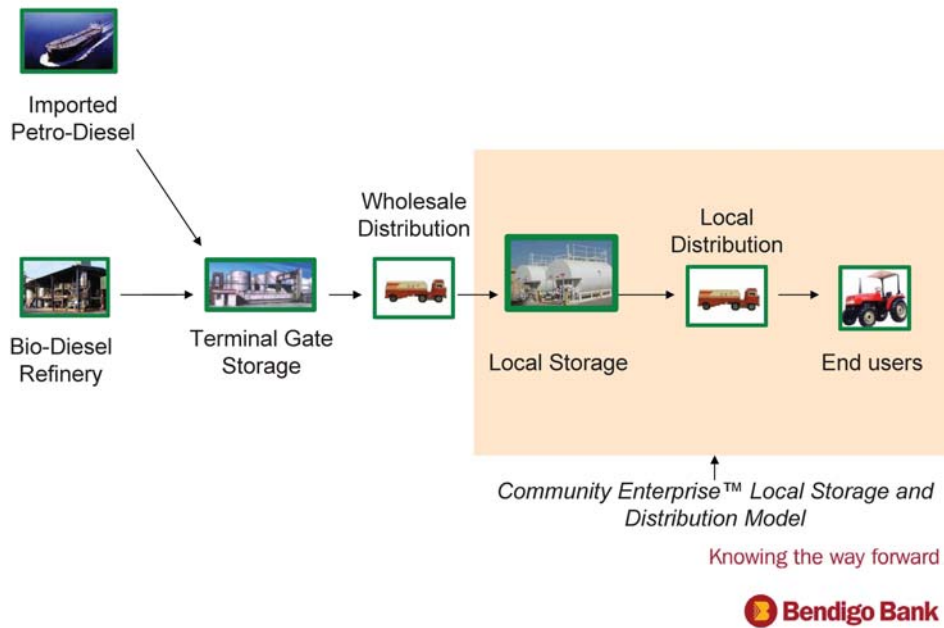

1. Trial of Bio-Fuel Viability

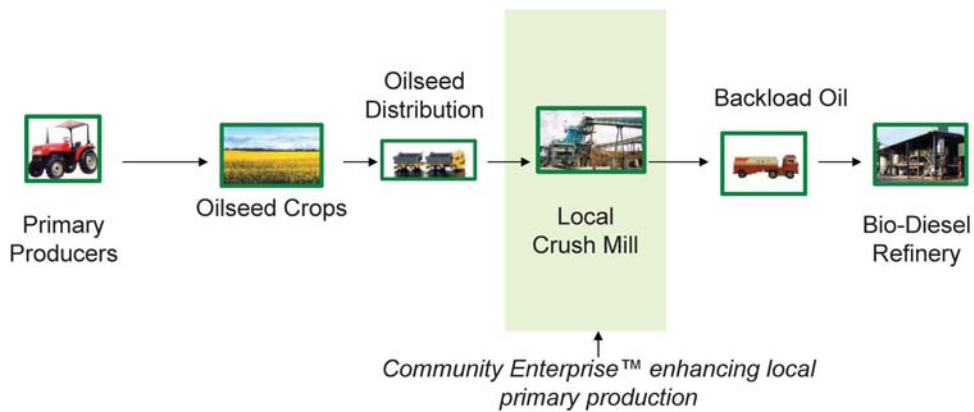

Knowing the way forward

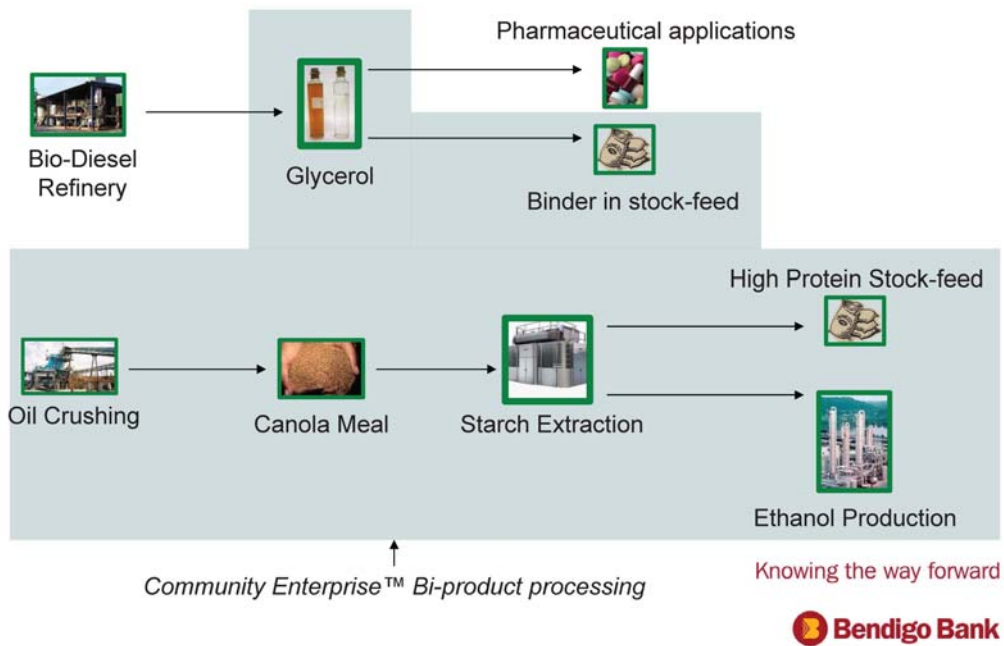

2. Local Storage and Distribution

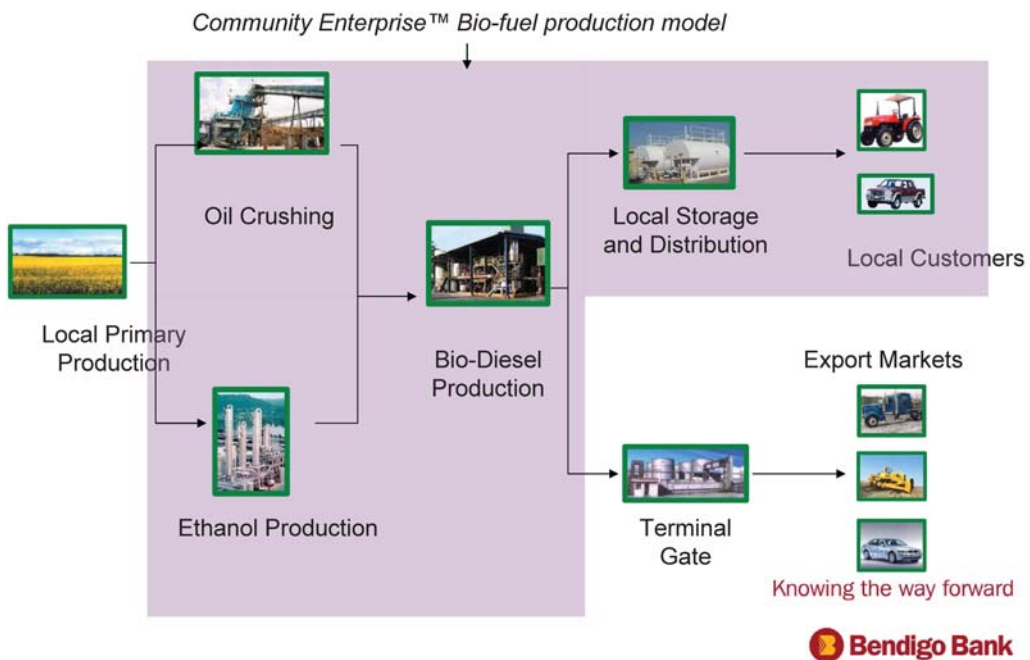

3. Enhancing local production

4. Bi-Product processing

5. Local Fuel Production

The Big Picture
