AGRICULTURE PORTFOLIO

1. Please indicate what the measurements for 'safe' and 'legal' under the Sustainable Hunting Action Plan are.

(Pages 10-11 of the Agriculture portfolio transcript)

Reply

- The Sustainable Hunting Action Plan is in the final stages of development, and is expected to be released later this year. Key performance indicators for the plan will be developed.
2. Please provide the staffing profile of the wild dog control program in terms of how many doggers are currently active, including the breakdown for full-time, part-time, casual and contract employment.

(Page 13 of the Agriculture portfolio transcript)

Reply

- Eighteen full-time Wild Dog Controllers (WDCs).
 - Six casual WDCs, used if required.
 - Two contractor WDCs, used if required.
3. In relation to medicinal cannabis, please indicate what the cost will be per dose (or in any other unit).

(Pages 20–1 of the Agriculture portfolio transcript)

Reply

- Factors that influence the cost are still being investigated and the final cost has therefore not yet been determined.
