

2015-16 Public Accounts and Estimates Committee Budget Inquiry Hearings

Minister Noonan – Questions on Notice

Police

Please advise whether facilities at Wyndham North will be upgraded

Wyndham North is currently serviced by a 24 hour, seven days per week Police Service Area roster. Police resources are shared between Wyndham North, which is a 16 hour police station, and Werribee, which is a 24 hour police station. These two stations are less than 10 kilometres apart. The current coverage of Wyndham is comprehensive.

Construction of the \$7.2 million Wyndham North Police Station was completed in March, 2010. In July 2014, the police station was further expanded to accommodate its allocated contingent of the 1700 new frontline officers and 940 Protective Service Officers.

Please provide any further details in relation to mobile data terminals

Victoria Police has 602 Mobile Data Terminals (MDTs) deployed in police cars across the State, in conjunction with 100 Laptop Data Terminals (LDTs). These are not impacted by the regional roads upgrade budget commitment.
