Dear Matthew,

It was nice meeting you and Patrick today, thanks for your help.

I was asked by one of the panellist today, if I could confirm, with reference to page 8 of my submission, Change in social housing stock numbers, Melbourne 2001-2011, which suburbs were the ones experiencing a gain over 20 dwellings. that map had in fact 4 areas shaded grey. If I am correct in identifying the zones, I believe they are, starting from the bottom right (and bigger patch) Dandenong South, Riversdale, Moreland South and Yarraville.

Please let me know if I can be of further assistance.

Kind Regards,

Salvatore furfaro
