**Mr RIORDAN:** So, Commissioner, on the 27 March meeting, the ADF—I think it was Brigadier Matt Burr—met with you. You were present and the ADF, and they presented ADF support options for hotel quarantine. Was there a PowerPoint presentation used at that meeting?

**Mr CRISP:** On 27 March?

**Mr RIORDAN:** Yes, the planning meeting that the ADF were there to help you with. Did they present a PowerPoint presentation to you at that meeting?

**Mr CRISP:** My only recollection of a document we might have used for that meeting was actually the framework of an operational plan, not in relation to options around ADF support in terms of actual hotel quarantine.

**Mr RIORDAN:** Would you be able to supply that document to the committee?

**Mr CRISP:** I will take that on notice, Mr Riordan.

Answer:

- The ADF did not present a PowerPoint presentation at the meeting that took place on 27 March
- Planning documents and operational plans were developed subsequent to this initial meeting.
