Good morning [REDACTED],

Thankyou for your assistance this morning with my Flood Inquiry Submission.

Please find attached photos which I would like to attach to my submission sent via your submission application process.

Photo 1 – Example of flood water breaking through levee bank.

Photo 2 – Post flood – damaged levee bank awaiting repair.

Photo 3 – Farmers taking hay to stranded livestock.

Photo 4 – Flood waters across paddocks of established pasture, the gate indicating height of water, which was later completely submerged.

Thanking you for the opportunity to submit to the Inquiry.

Kind Regards,

Judy Clements.
