**Question Asked to Graeme Dove:**

When you presented to council saying, 'We want the levee,' what documents did you have? Did you put forward a submission in your short space of time? Have you got that, and could you share it with us?

**Graeme DOVE:** I have these documents here, and I am happy to provide these documents here and have them tabled.

**Response:**

I presented Council with a letter addressed to the Mayor and all Ward Councillors dated 21st October 2019 on behalf of myself and 7 other businesses in Emily Street Seymour. Supported with a copy of the letter to Council dated 30th August 2010 and the documentation from the lead up to the 2010 letter. I will tender a copy of these documents with a copy of my preprepared presentation referencing these documents, to the committee secretary at the Seymour hearing today.

How many businesses were actually inundated?

**Response:**

From our membership data we know of **14** member businesses that were inundated, but you would to seek numbers from council and other emergency recovery agencies as to the full number and extent of all inundated businesses.
