

Hi I am writing to let you know that I not only follow the overseas media ie. BBC, American Broadcasting Corporation, and aljazeera as well as social media to find out what is happening in our world and indeed in my own country. I read aim, the guardian and other independent news media... I also watch the Australian Abc (unfortunately it now more like skynews lite) this is due to the fact that we have effectively limited independent mainstream media representation in Australia since Rupert Murdoch and his coterie of media MUPPETS alongside stokes and packers are in collusion with the federal LNP government. Now that scottyfrommarketings made the appointment "a captains call " of another Liberal/IPA member to the head of OUR ABC it's become increasingly difficult to find the truth. "The truth " also notably a Murdoch rag was more factual than his current tabloids ie. Herald Sun, daily mail, the financial review, skynews, fox...etc... It's becoming increasingly clear that this unholy concentration of what used to be factual information and news is now more about politicizing events and propaganda for the LNP.... this needs to be changed and the media needs to be held accountable for publishing factual information, rather than spin and propaganda.

I saw the PM make an ass of himself in sarsfield after the fires and we now have no media willing to hold the LNP Federal government to account. I believe that the actions and indeed the inaction of the LNP government are the primary deciding reason for their loss in the Eden Monaro election... personally I think that you should be investigating the lies spread by the liberal party and Murdoch media regarding death tax, inheritance taxes etc... the dodgy how to vote cards using AEC colors and layout in the electorates of Josh Friedenburt, Gladys Liu and Peter Duttons electorates... the Mandarin signs in Gladys Liu electorate are of extreme concern.

A voting citizen standing for democracy, transparency and honesty.
