

Inquiry Name: Inquiry into the Increase in Victoria's Road Toll

Mrs Jill Stewart
[REDACTED]

SUBMISSION CONTENT:

--

The Deans Marsh Lorne Rd has long been a safety problem, very thin shoulders and little room to maneuver in the case of oncoming vehicles (including pushbikes) or wildlife on the road. Lack of barriers on some corners with steep drops. There is an issue of push bikes being on the road, this is major problem with lack of vision for oncoming vehicles seeing them and then getting past. There have been many close calls with bikes and especially school buses.
