### YOUR SUBMISSION

**Submission:**

I do not think that members of the public should be allowed to travel on school buses once they are over the age of 18.

We need more public transport in regional areas to cater for the community.

I do not think that child safety can be guaranteed - its too much pressure on the driver to supervise all the kids. Country kids can have long bus rides and there is no way I would let my 10 year old daughter on a long bus journey with strangers of all ages.
