I live in the small town of moriac I am retirement age I still drive but would love to not be so reliant on my car in my senior years .

There are many school buses going through moriac each day .I would really appreciate it if it was made a bit easier for me to board one of these buses to get to my local shopping centre and exercise group at waurn ponds .I have already enquired about it but the red tape made it impossible to go ahead with it .

I understand the need to be police checked but the other conditions that were applied made it impossible .

If just one of those buses could pick us up in the morning and one in the afternoon to return that would make it easier ,we are meant to be living at home as long as we can and this would help greatly in keeping me living in my own home well into old age .
