YOUR SUBMISSION

Submission:

I have requested previously in early 2019 to the Victorian State Government to utilize the school bus for public transport to Wangaratta. I have not heard anything other than my request was received and that it is on the ministers desk. Case No. 2019/11601. As there is no public transport to or from Glenrowan I find it astounding. Glenrowan has an aging population that would benefit immensely with a public transport service. Being a large very important historical place in Australia which also relies mainly on tourism it is a dreadful thing not to any public transport what so ever. To utilise the school bus would be a huge start. Followed by the passenger train stopping would benefit all. I'm requesting that this inquiry will make sure it will happen.
