Submission:

I would like to make a submission.

I live near Shepparton in Victoria. Since the government have closed down our 4 secondary schools and given us NO choice of other schools in Shepparton a lot of parents. I myself being one have chosen to take my children out of Greater Shepparton Secondary College and place them in a smaller and much calmer school.

My children catch the closest bus to where we live to attend their school.

Since there has been a lot of additional parents placing their children in my children's school, the bus is now very full.

There are other children that will be attending this secondary school that are traveling out from Shepparton due to either their children being extremely bullied and not being safe, or basically parents believe their children's education is suffering due to the one school that we only have in Shepparton.

We need more buses to accommodate these children to be able to attend a school that gives them the education they deserve as well as the safe environment for them to attend.

My children's school out side of Shepparton isn't just the only one that needs these additional services.

There are children that attend Kyabram 37.5km away from Shepparton

Euroa 48.1 km away from Shepparton

Benella 62.5km away from Shepparton

Numurkah 34.7 km away from Shepparton just to name a few.

Please we need these additional services to accommodate for our children

Thank you
