Submission:

I believe it would be extremely beneficial to expand the rural bus route as my daughter (currently year 10) has always been 5-10 mins late to the start of every high school day. Whilst she leans on friends in class to let her know anything essential she has missed, it is not an ideal situation, It can also be embarrassing coming into a full class and being conspicuous. The idea that she cannot get to school on time with the current bus system in today day and age is rather ludicrous
