YOUR SUBMISSION

Submission:

Tatura 3616 need a school bus for students who travel daily to Kyabram. Currently they must catch the V/Line service to school. To be able to catch the V/line bus home, my daughter (yr 8) has to leave school 20minutes early each day to walk to the local transit station in time to catch the bus. There are approximately 30 school students from Kyabram who catch this bus. I feel that for a 13 year old, a school bus would be a safer option to travel. The v/line service she currently has to take starts it's journey from Southern Cross Station Melbourne. Who knows what kind of people she is travelling with. I really hope you will consider my submission for the well-being of a number of regional School students and their concerned families.
