### YOUR SUBMISSION

**Submission:**

We live rural, near Kialla Central School. I have one child who goes to Shepp East Primary School as we lived in that area and my kids caught a bus then. Now we are in a different area there are no buses from Kialla Central to Shepp East area which is very frustrating as my husband and I now have to work our work hours around picking her up. We are moving to Kialla West as we have bought a house there and it will now be even further to drive to take her to Shepp East AND I have a child who goes to Kialla Central School and there are no buses from Kialla West to Kialla Central School so I will have to drive him after we move also. I know there are buses around and I don't understand why this can't be done. ALSO I have a daughter that goes to St Anne's who gets picked up at Kialla Central School bus stop, gets taken pretty much past her school to go to McGuire bus stop, have to wait half an hour to get a second bus to take her back to pretty much where she came from. I don't understand why they can't take 5 minutes out of their timetable to drop the St Anne's kids off at the school first THEN take the remainder of the kids to McGuire. The bus system to me is not user friendly at all.
