YOUR SUBMISSION

Submission:

Our daughters attend Clonard College in Herne Hill Geelong. They are not able to catch a bus to get them to and from school on time. This is of particular concern to us as our children are being disadvantaged. Currently we need to organise their travel which generally involves an hour and a half round trip morning and night to get them to school which has significant impacts on our whole family, including extended family to help us with this travel requirement. We have previously written to the school, PTV and the local bus line seeking their review of the bus paths and timetables to no avail. Please consider the need for all children in the Bellerine to be able to get to school via a school bus. We seek fairness and equity in children's ability to get to school, Others in our region which is expanding with young families will also be disadvantaged unless the school bus situation down here is rectified.
