### YOUR SUBMISSION

**Submission:**

I do not agree with making the school buses available to the general public due to safety concerns. My daughter is 13 years old and her bus stop is located in a very remote area and in the case where I am late picking her up due to unforeseen circumstances, that leaves her in a very vulnerable position. If the school bus will be used as a public transport bus, then for her safety I will not allow her on the bus.
