YOUR SUBMISSION

Submission:

I would be pleased that consideration be given to rural and regional area school bus services being made available to the general population. I have available to me three trains that stop at Wangaratta Station for my journey to Albury or station to Spencer Street Station. I have no town buses available to me to travel to Wangaratta. An existing bus service would be a boon to rural and regional populations.

Of course this practical approach may necessitate some serious planning issues, but is worthy of consideration by my State Government. Our taxes seem to carry more value in metropolitan Melbourne, so please investigate this measure to redress some small part of the imbalance in infrastructure that occurs.
