### YOUR SUBMISSION

**Submission:**

- If this is proposed during school drop off times I suggest it is only available for families of the children that go on the bus or families with younger or special needs children that do not go to school, but need the transport.
- Also I think all people who attend schooling at Tafe and Uni regardless of age that need bus transport may also benefit as or current vline bus service does not have suitable drop off and pickup times for some students and you have to be enrolled in a highschool to take the Tafe bus in numurkah on Wednesday's.
- If using the bus in normal hours besides drop off and pickup times I say let anyone use it.
- If its a bus designated for highschool students and there are no primary school students I also think it is a good idea to let members of the public on as highschool students are older and able to deal with situations in terms of assault and attempted kidnappings better.
