What best describes your interest in our Inquiry? (select all that apply) :

Concerned citizen

Are there any additional themes we should consider?

YOUR SUBMISSION

Submission:

Victoria is economically more viable when we don't have people sleeping rough every night. As a result, having a roof over your head you often further fixes problems, to a certain extent, like mental health and with a fixed address they can then be eligible for welfare payments. I encourage you to watch this episode because it highlights many of the problems in the system from the people actually going through it
