YOUR SUBMISSION

Submission:

Legalising Cannabis for medical use would assist the patients in getting the correct strain of Cannabis. Rather than a lucky dip from an illegal source.

Legalising Cannabis would also remove the stigma on cannabis for the disabled/medical users.

Do you have any additional comments or suggestions?:

My husband is a person with quadriplegia, he uses Cannabis to reduce spasms.

As cannabis is illegal, it is difficult to source, it is difficult for anyone to take him seriously because of the stigma.
