The controlled use of medicinal cannabis will be a vital source of pain relief and therapeutic help to those suffering from a whole host of diseases and health issues.

Select all that apply. Do you think there should be restrictions on the use of cannabis? :

Use of cannabis should remain legal for medical treatment only. ,Personal use of cannabis should remain illegal.,Cultivation of cannabis for personal use should be legal.

YOUR SUBMISSION

Submission:

*Protect public health and public safety in relation to the use of cannabis in Victoria;

Cannabinoids have been around in the western medicine stand point since the 1800s.

Cannabis was a vital source of the health system from 1850 to 1937.

Please refer to this website for a thorough look at the use of benefits of the history of cannabis.

And it is very promising to see that Israel is leading the research for cannabis around the world. However, Australia should be part of this research and usage to help so many Australians. Below I have placed one of his numerous videos.

Dr Dedi Meiri: Israeli researcher and head of Laboratory of Cancer Biology and Cannabinoid Research

I hope that Australia can participate in cannabis research and medicinal use to better treat people unnecessarily suffering from pain and dealing with various cancers in a more natural cancer killing medicine.

I implore serious consideration of medicinal cannabis to treat health issues.

Yours Sincerely,

Do you have any additional comments or suggestions?:

Dear Sir or Madam,

thank you very much for this opportunity.
