YOUR SUBMISSION

I just think that cannabis should be 100% legalised for recreational use.

The health risks using it are minimal and benefits are huge, especially in comparison to alcohol and other prescription medications.

Marijuana's have been used for centuries and it should be a decision we make on our own if we choose to use it or not.

Do you think there should there be restrictions on the use of cannabis? :

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. Sale of cannabis should be legal and regulated. Cultivation of cannabis for personal use should be legal. There should be no restrictions.
