YOUR SUBMISSION

I believe cannabis should be legalised for sale, use and cultivation as there are many medicinal benefits, social and economic benefits. As a relaxant, I believe it would reduce crime and violence in the community; as a pain reliever would benefit many people living in constant pain and improve quality of life. There are many economic benefits also, creating a whole new industry and providing employment.

Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. Sale of cannabis should be legal and regulated. Cultivation of cannabis for personal use should be legal. There should be no restrictions.
