Are there any additional themes we should consider?

The fact that cannabis is a multi billion dollar industry, our country will only benefit from cannabis!

YOUR SUBMISSION

I strongly believe that cannabis needs to be legalized in our state and country! It's is such a beautiful healing plant. We need to educate our peers and kids on the benefits. If it is legalized I do not believe that 'criminals' would be able to make profit, in due time as people would rather purchase from trusted dispensaries then previous dealers... who buys home brew anymore? When you can go to your local liquor store. Liquor is a far more dangerous substance compared to our sweet plant! Also cannabis is a multi billion dollar industry that we are missing out on unfortunately.

Do you think there should there be restrictions on the use of cannabis? :

Personal use of cannabis should be legal. Sale of cannabis should be legal and regulated. Cultivation of cannabis for personal use should be legal. There should be no restrictions.
