Are there any additional themes we should consider?

Why do we allow the consumption of alcohol but not the consumption of a flower?

YOUR SUBMISSION

I have nothing more to add, except that cannabis is a flower and it is entirely safe to consume. You can poison yourself with alcohol but that's legal. But we can't consume a flower to help with anxiety. That's wrong.

Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. Sale of cannabis should be legal and regulated. Cultivation of cannabis for personal use should be legal.
