Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. , Sale of cannabis should be legal and regulated. , Cultivation of cannabis for personal use should be legal.

### YOUR SUBMISSION

**Submission:**

I believe that as a responsible adult, I should be able to chose what medication I use and do so safely. It is difficult to keep cannabis use moderate when accurate dosing is impossible. With a regulated industry, adults can safely take appropriate doses and manage their drug use. While it is illegal, it's impossible to use in a controlled and measured way.
