Misleading information about medicinal cannabis. A single ounce of cannabis is about the same price as one month supply of cbd oil sold by companies who lie about the product. Any teenager can produce cbd oil in their own kitchen at a fraction of the cost

Select all that apply. Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. , Sale of cannabis should be legal and regulated. , Cultivation of cannabis for personal use should be legal.

YOUR SUBMISSION

Submission:

Children should be protected from the substance.

Do you have any additional comments or suggestions?:

After getting a 'prescription' for medicinal cannabis myself, I was to discover that I can't use it and drive for a fair while. This is wrong and also misleading. The substance does not effect you after a short time I believe and it should be treated as any other prescribed medication.
