YOUR SUBMISSION

Submission:

Victoria should lead the way in legalising and regulating recreational and medicinal marijuana usage. The black market sale of marijuana in Victoria is flourishing and the risk of unregulated accessibility means greater access to minors. It also supports drug syndicates and organised crime. The benefits of decriminalisation and legalisation of marijuana have been seen in many countries now. It would be great to see Victoria and Australia moving with the times.

Do you have any additional comments or suggestions?:

I fully support the regulation of cannabis sales and supply and the legalisation of cannabis possession and cultivation for personal use.
