Select all that apply. Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. , Sale of cannabis should be legal and regulated. , Cultivation of cannabis for personal use should be legal., There should be no restrictions.

YOUR SUBMISSION

Submission:

It's insanity to criminalise a plant that is safer for individuals and society than alcohol and tobacco.

Medical cannabis is exorbitantly expensive and out of reach for many suffering Australians, yet opiates that are far more addictive and detrimental to health with more dangerous side effects are affordable and pushed on vulnerable patients by doctors.

Do you have any additional comments or suggestions?:

Legalise it. Even America, who led the initial war on drugs, is starting to legalise it state by state. There's a reason for that.
