YOUR SUBMISSION

Submission:

In these crazy times I think we would all benefit in some way of another with the legalising of weed. As seen in America and other parts of the world the money generated by the sale of pot goes back into the community, which is what we need, instead of the pockets of dealers. Alcohol is a much more dangerous drug yet legal and generates so much tax revenue, tobacco is in the same boat. Wouldn't it be good as an adult to be able to go into a shop and buy a flower that has so many benefits.

Do you have any additional comments or suggestions?:

Legalise it
