### YOUR SUBMISSION

**Submission:**

Cannabis should be legalised. Because of the covid-19 epidemic, there are exponentially growing numbers of people suffering from mental illnesses such as depression, anxiety, ect.. Legalising the personal usage of cannabis would allow so much easier access for those who need it. There are numerous amounts of studies showing the good and positive affects that marijuana have on people. I hope you consider the legalisation of cannabis, the community of Victoria would certainly be very pleased :)

**Do you have any additional comments or suggestions?:**

I think that legal cannabis would greatly improve the state of Victoria. Thank you :)
