Do you have any additional comments or suggestions?:

I'm just a small individual who doesn't personally dabble with cannabis but know many individuals who use it regularly. I don't believe it to be a damaging or life threatening drug, I often prefer the company of people who use cannabis than those who drink alcohol. I also think it would be wiser for the government to be making money off an industry that would surely boom than allowing criminals to secretly profit off it and not see any of that money be taxed and put to use in the community.
