The laws have been an ineffective joke for years. As an ex regular user (haven't touched it in 15 years), I can say I never had any issues accessing cannabis. This should be regulated and taxed like any other consumable drug, to keep money out of the hands of drug dealers and to stop "back alley deals". This is really what puts children in danger.

Do you think there should there be restrictions on the use of cannabis? :

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. Sale of cannabis should be legal and regulated. Cultivation of cannabis for personal use should be legal.
